

Additional Assurance Plans

Heartgard or Proheart/Vectra 3D Add-on

(Must be combined with a wellness plan)

The recommended 12 months of heartworm and flea and tick prevention can be pricey to pay all at once – get over a 10% discount AND spread out payments with our add-on plan!

K9 0-25lbs	\$23/month (\$276/year)
K9 26-50lbs	\$25/month (\$300/year)
K9 51-100lbs	\$27/month (\$324/year)
K9 100-125lbs	\$28/month (\$336/year)

Sick Pet Plan

Pets get sick! Budget for it!

Come prepared to do what your pet needs!

What You Get:

- Office Visit
Add-on Plan (1)
Sick Plan (2)
- 2 View X-Rays
- Bloodwork
Complete Blood Count
Chemistry Panel
- Urinalysis
- Nutrition Consult

Plus 10% off:

- Sick Pet Related Diagnostics
- Hospitalization Services
- Sick Pet Treatment Recommendations

What You Pay:

Add-on to Wellness Plan: \$24/month (\$288/year)
Sick Plan Alone: \$27/month (\$324/year)

In the wonderful event your pet does not experience any “sick incidents” throughout the year, you may choose to redeem your diagnostics for yearly well-pet monitoring!! PVC is not responsible for any services not claimed within the plan year.

The Fine Print What you need to know about our Assurance Plans

**There is a one-time enrollment fee* of \$49.95 required at time of purchase.

**Plans require a current checking account* from which PVC will automatically withdraw funds each month on the date of your choosing. You are responsible for updating PVC on any changes to your account.

**Assurance Plans are non-transferrable.* They only cover the pet and owner listed at the time of purchase. Coverage for additional pets require additional plans.

**Plans are a full year commitment.* If your pet goes missing, passes away, or has left your possession in any way, you must pay retail price for services/products already provided OR pay the remainder of the wellness plan, whichever is less expensive.

**Plans will automatically renew for the next year* unless you call to cancel the renewal at least 10 days prior to your next payment date.

**If you fall more than 30 days behind in payments, the plan will be cancelled* and you will be required to pay full retail price for products and services used up to that point, plus a \$60 administrative fee.

**Assurance Plans offer coverage one year from their start date.* Any services not used within that year will not carry over into the next, and you cannot get more than the standard care as recommended by PVC and it's doctors within that year. (ie: if one set of vaccinations is covered and if you want vaccines given earlier than 1 year, you will be required to pay full price)

**Office visits covered under Assurance Plans must be pre-scheduled* in a doctor's regular schedule. Walk-in and Urgent Care appointments will not apply. Free services can be redeemed during a regularly scheduled full office visit or as a technician appointment.

Assurance Plans

Wellness care is the foundation to keeping pets healthy and helping them live long, happy lives. Our Assurance Plans focus on the *preventative* care that all pets need and deserve, but offered at an easier to budget for, monthly, discounted price. Our plans are NOT insurance... they are better! They offer ASSURANCE. Assurance that your pet is getting the proper foundation of care to support a healthy life!

Choosing a Plan

There are three levels to the wellness portion of our plans, with each subsequent level providing more of the recommended care and more benefits! Both puppies, as well as adults, are eligible and plans are organized to address the various needs of both age groups. The cost of each plan is discounted up to 25% off of retail, **PLUS** additional discounts and **free** services – just for being a member! You won't find a better deal that fulfills all of your pet's recommended preventative and wellness care for the year!!

We also have "Add-On" plans available which can help defray expensive lump sum costs of recommended heartworm and flea/tick parasite preventatives and sick pet care. These plans are meant to help you easily budget for things that your pets need throughout the year.
